

Thank you for considering me as your wedding photographer.

I love photographing people and I enjoy being there to capture your unique wedding day.

I shoot in three ways in order to best capture the wedding: posed, candid and photojournalistic. I tend to take many pictures in a photojournalistic style and I like for people to look natural. My background is in fine art and I practice many forms of visual art and I believe that this enhances my artistic view.

Here is some basic information on how I operate: I do freelance photography on a small basis so my policies and packages are extremely flexible. Unlike standard wedding photography practice, I am happy to give you ALL the digital negatives (photos) and to customize wedding packages to your needs.

- All of the photographs are put onto a CD and given to the bride and groom. Then the best 150 images are put onto a separate CD and are lightly edited. The editing in Photoshop includes cosmetic editing such as the removal of facial flaws as well as switching photographs into black and white and adding borders.
- With all of the packages you will receive a designed 5x7 thank you card sized combined photographic image that can be printed up or e-mailed
- 1 Pre-wedding consultation meeting and follow up calls/e-mails

Plan 1 \$900 (+PST)

- Includes 6 hours of digital coverage with one photographer. This will usually cover the ceremony, pictures in the park and the beginning of the reception.

Plan 2 \$1200 (+PST)

- Includes 8 hours of digital coverage with one photographer. This will usually cover the ceremony, pictures in the park, and the reception. You may have time for photos of the bride getting ready.

Plan 3 \$1700 (+PST)

- Includes 10 hours of digital coverage with two photographers. This is the most coverage you can get as the second photographer provides additional documentary photography and the 10 hour package provides enough time to usually cover shots getting ready, the ceremony, pictures in the park and up to the first dance.

Plan 4 \$2000 (+PST)

- Includes 10 hours digital coverage with two photographers.
- All of the prints are on high quality photographic paper. The sizes can be exchanged (i.e. 2 5x7 for an 8x10)
 - 2 11x14 20 8x10 30 5x7 200 4x6 (from edited CD)
 - 100 Thank you card sized photographs (4x6)

* Travelling costs for distances beyond the GTA are additional

I hope that my service corresponds to your needs. I also do portrait, business and engagement photography. Please let me know what your needs and wants are and so that we can find a suitable arrangement for your wedding.

All the best!

Sincerely, *Emily Lim*
